

MAKING CHANGE A SUCCESS

Today's world is all about change, and the pace is constantly increasing. Changes in your business world can ultimately mean that you are faced with a call for change within your commercial premises. Whilst these changes may feel challenging, managed effectively they can hold the key for a stronger future for you and your organisation.

Recent global events have accelerated a major shift in workspace dynamics and an increased focus on flexible workspaces that cater for a balance between home and office working. To facilitate this, it may require you to relook at how you are using your existing space and carry out alterations to suit. On the other hand, there are many roles that cannot be carried out at home and you may be looking to upgrade existing facilities such as laboratories, production facilities or warehouses. It may also be that to maintain your current levels of output you need to create more space for your workforce.

What opportunities are arising in your business that will allow you to make change a success?

EXPANSION
RESTRUCTURING
LEASE END / BREAK
MERGER / ACQUISITION
MODERNISATION
AGILE / FLEXIBLE WORKING
CLIENT IMPRESSIONS
STAFF WELLBEING / SOCIAL DISTANCING
CONSOLIDATION

WORKING TOGETHER

LISTENING

Your real and individual needs and aspirations are unique to you, so we put these at the centre of our focus from the earliest stages of any project. Whatever your commercial interior requirements, we believe that the key to success is our honest, close working relationships with our loyal clients.

SOLVING

The solutions need to be as unique as your requirements. As one of the most experienced commercial interior design and build companies in the region, we combine the experience and skill of our staff with our ability to bring together effective solutions to fulfil your needs.

ACHIEVING

Once we have completed surveys, the design process and product specifications, our focus moves to achieving your vision and requirements on site – ensuring excellence in all works we undertake.

Laboratories

Welfare Facilities

Warehouses

Meeting Suites, Collaboration Zones & Training Facilities

Client Facing Areas - Showrooms, Receptions etc.

Offices

Factories / Production Facilities

HELPING YOU WITH **ANALYSIS, FEASIBILITY AND DESIGN**

**Are you considering whether it is possible?
Or how much it will cost?**

Our realistic yet creative approach and practical experience can be put to work for your benefit. The first step can often be analysing and proving the feasibility of potential projects - considering available spaces, capital budgets, team relationships, current and future business plans. We will survey your workspace, discuss your needs and desires, and provide you with design options and suggestions. We plan with you, carefully creating the most appropriate schemes and workspace layouts. Recommending partitioning, furniture and storage that not only combine form with function but deliver a solution that works for you. We can provide 2D CAD drawings backed up with 3D photo-realistic renditions when required.

Glenside.

“This project was not a straightforward fitout. But, Glenside were extremely flexible in their approach, honest and involved in every aspect of the detail. The project was even delivered ahead of the hand over date agreed at the outset. I’d have no hesitation in recommending their services...”

PROJECT DELIVERY AND ONGOING SUPPORT

How does design become reality? How will it all be co-ordinated?

Commercial fit-outs and refurbishments can be complex undertakings. With Glenside, you will find a single and fully co-ordinated project takes the pressure off you and your team and allows you to concentrate on your core responsibilities. Our project management of specialist teams and materials provides turnkey supply, installation and commissioning of your project. Glenside's project management will dovetail with your own planning to ensure as little disruption to your business activities as possible.

Our scope extends from stripping out existing items, through installation of new structures (e.g. mezzanine floors and partition walls), to complete finishes and furniture. Our service also includes taking care of full mechanical and electrical installations. Be it fitting out an empty shell, upgrading a basic commercial fit-out or undertaking a full refurbishment of your existing space, our dedication to quality of service and finish can be put to work for you.

EXPERIENCE OF OVER **FORTY FIVE YEARS**

With over 45 years' experience in commercial interiors we are clearly in business for long term relations, not short-term fixes. Expertise and knowledge are pooled to minimise the risk and share the burden; in turn reducing the stress and enhancing the morale for all parties involved. We are enthusiastic and passionate about what we do, with honesty and integrity being paramount.

We do the thinking and leave you free to concentrate on what you do best - running your business.

"I couldn't be happier with the results of the project. From the initial meetings at our old premises Glenside really took time to understand what I wanted to achieve for the business with the office move."

Director

LET'S DISCUSS **YOUR PROJECT**

Whether you're making small alterations to your existing space or moving to a large building we are here to help you! Whatever stage you have reached in your project process please be free to get in touch for an initial discussion. We can then recommend the best way we can help you on your project journey from initial concepts through to a successful project outcome.
